

EXECUTIVE DIRECTOR

Regulatory Science Ireland (RSI) is a Company Limited by Guarantee, registered in Ireland with Company Number 565753. RSI is a network of stakeholders including the Pharmaceutical and Medical Devices Industries, the Regulator, Government Agencies and Academia working together for the benefit of the patient. A representative Board of Directors is in place. The role of RSI is to conduct innovative, high quality research in regulatory science that has direct relevance to industry and to Regulatory authorities such as the HPRA. In addition, RSI will host national symposia and encourage/facilitate educational and training initiatives in the field of Regulatory Science. These activities are essential to enhance the national awareness of, and expertise in, an area that is critical to the on going success of Ireland Inc. as a leader in the health products industry.

For further information on RSI see www.regulatoryscienceireland.com

The Role

The Executive Director will report directly to the RSI Board and will oversee the start-up of RSI operations. He/she will be responsible for the overall strategy, financial control and management of the activities of RSI under the direction of the RSI Board.

The key responsibilities include:

- Authoring a sustainable strategic business plan for RSI
- Fostering regulatory science research at a national and international level
- Effectively communicating the vision, goals and achievements of RSI to all potential stakeholders
- Attracting further investment from national and non-exchequer sources

The Individual

The position requires a deep understanding of the role of regulatory science in the rapidly changing pharmaceutical sector. The ideal candidate will have strong leadership and excellent communication skills with the energy to initiate change, to think strategically and lay the foundations for the future development of RSI.

Previous experience in the industry, academia or regulatory sector is essential. Candidates must have a third level degree, preferably in a science discipline, and a postgraduate qualification.

Salary scale: Commensurate with experience

Candidates should forward a comprehensive Curriculum Vitae and supporting letter to: anna.bradley@regulatoryscienceireland.com

Closing date for receipt of application is 9th February 2016
