

PDA PNW PRESENTS

# DRUG DISCOVERY THROUGH AI WEBINAR

With **Tina M. Larson** – Chief Operating Officer at Recursion Pharmaceuticals

**Date & Time:** Thursday, July 09, 2020 | 5:00 p.m. PDT

## Event Info:

AI, machine learning, and other "deep tech" has changed the face of several industries and our daily lives. The last few years have seen an explosion of companies applying deep tech to drug discovery and development. In this event, Larson will

- Discuss what it is like to work at a tech meets biotech startup.
- Give an overview of Recursion, a leader in the digital drug discovery space.
- Provide the broader field of artificial intelligence for drug discovery.

## Speaker Bio:

Prior to joining Recursion, Larson was Achaogen's Senior VP of Technical Operations. Before that, Larson spent 20 years at Genentech and Roche, holding leadership positions in Technical Development, Manufacturing, and Engineering. Larson has a Bachelor of Science in Chemical Engineering from Colorado State University and currently serves on the Dean's Advisory Board for the Walter Scott, Jr. College of Engineering.
