

SoCal PDA Chapter - 4th Annual Full Day Aseptic Processing & Sterilization Symposium - Nov. 7, 2019_4

Women Leaders in Life Sciences - Breakfast & Panel Discussion with Industry Moderator -

Moderator- Stacy Sutton, Vice President, Quality Assurance, Argonaut Manufacturing Services

Panelist-

- Regina Atim, PharmD, MBA, BCMAS-Human Factors Engineering Pharmacist-Becton Dickinson, Associate Clinical Professor-University of San Diego, Chair & Academic Alliance-HIMSS Southern California
- Indah Kusumawardhani, Clinical & Regulatory Development Program Associate, Edwards Life Sciences
- Liraz Oechsli, Director, Business Development, Microrite, Inc.
- Vanessa Marquez, QC Manager Microbiology, Sorrento Therapeutics
- Cynthia Martinez, Ph. D., Dean of Students, Keck Graduate Institute

Full Day Event Con-Current Sessions & Speakers:

Annex 1-

Hal Baseman, Principal/COO, ValSource

Understanding Aseptic Technique & Cleanroom Behavior

Paul Andrea, Principal Consultant, TAF Consulting, LLC

Methods of Sterilization

Christopher Fenton, Manufacturing Manager II, B Braun

Innovations in Continuous Microbiological Environmental Monitoring

Carol Julich, Sales Specialist, TSI

Steam Sterilization “What we need to know to comply with EN285-A Case Study”

Ron Mirian, SoCal Regional Manager, VTI Life Sciences

Media Fills/Aseptic Process Simulation and Validation

Manjula Gosh, Director Quality, Allergan

Equipment for Sterile Manufacturing

Les Edwards, VP, Technology and Business Development, SKAN

Application of Single Use Technologies to Aseptic Processing

Mike Alston, Jr., Director Project Engineering, Avid BioServices

Jessica Frantz, Sartorius Stedim North America Technology Expert – Aseptic Transfer Systems

Cleaning/Disinfection of Cleanrooms

Jim Polarine, Sr. Technical Services Manager, Steris

Innovations in Aseptic Processing

Chakradhar Padala, Director Process Development, Amgen

Application of Single-Use Technologies in Final Filling Applications

Jessica Frantz, Technology Expert – Aseptic Transfer Systems Sartorius Stedim North America

Quality Risk Management Principles as Related to C> and CAR T

Will Junker, Global Head, Quality Engineering – Kite Pharmaceuticals

SoCal PDA Chapter - 4th Annual Full Day Aseptic Processing & Sterilization Symposium - Nov. 7, 2019_3

Environmental Monitoring & Aseptic Processing -Technology & Microbiology

Paul Hartigan, Global Product Line Manager for Software and Systems, PMS

Stacy Sutton, Vice President Quality Assurance, Argonaut Manufacturing Services

New Vial Filling Line Installation-End-to-End

Norman Nicklaus, Principle Validation Engineer, Amgen

Eric Berg, Director of Quality, Amgen

NextGen Now – The Future of Advanced Therapy Medicinal Products (ATMP) Facilities

Peter Walters, Lead Process Engineer, CRB

Brita Salzman, Process Engineer, CRB
