

PDA Southeast Chapter

SOUTHEAST CHAPTER
www.pdase.org

[Letter From the President] March, 2003

We are looking for volunteers to work on our committees.

The new year is underway and the PDA Southeast Chapter has been busy planning the events for 2003. The Chapter Officers and Committee Chairpersons met on January 9, 2003 to discuss the number and type of events the chapter would sponsor for the year. It was determined that we would hold our Annual Spring Meeting, the Golf Social, and the Fall

Vendor Show. Information about the events will be on the PDA Southeast Chapter web site pdase.org. Hopefully we will see you at one or more of the events.

The Spring Meeting is scheduled for April 17, 2003 at the Sheraton Imperial in RTP. The format for the day long meeting will include speakers and roundtables. The Chapter is making an effort to recruit industry speakers for our meetings with the intent of providing relevant and educational information that will directly relate to and address

member concerns. Speaker presentations for this meeting include a firsthand experience with the FDA's compliance based inspection process and a presentation on a novel validation program. Round table discussion groups will include the topics of environmental monitoring, compliance, and validation. The presentations promise to be informative and the roundtables will be a great opportunity to discuss issues with others who have the same concerns.

The Golf Social will be held on June 6, 2003 at Hedingham Golf Course in Raleigh, NC. This event is intended to be a networking opportunity and you do not have to be a good golfer to participate in the event. The fall vendor show will be held on September 23, 2003. We will be holding this event at a new location this year. The McKimmen Center has been selected for this year's Vendor Show and we are looking forward to

the change. As previously mentioned, information about these events will be on the PDA Southeast web site pdase.org.

As always, we are looking for volunteers to work on our committees. If you are interested in participating please contact Lisa Eklund at lisa.eklund@fresinius-kabi.com . Lisa will help put you in touch with the various committee chairs. A description of all the committees can be found on the web site.

Last but certainly not least, I want to thank all the people who continue to make the chapter a success. The officers Lisa Eklund, Tony Pavell, and Kim Hughes, the Committee Chairs Susan

Moore, Teresa Frisone, Pam Webb, Kip Lopez, Terry Polson, Cindy Smith, and Jim Rickloff. I would also like to thank our event coordinator Diane Williams for her much appreciated help and advice. Thank you all for your support and dedication to the chapter. With your continuing support I am looking forward to another successful year for the chapter.

Please note this newsletter will be the last one we will send to you through the mail. The Executive Committee has determined that it is most cost effective for the newsletter to be sent electronically. Please provide us with your current email address so we can continue to send you the newsletter. You can update your membership

information through the web site. If we lose track of

you, the newsletter will be posted on the website.

Mary

Programs Committee Needs Your Help!

Written by Pam Webb, Chair, Program Committee

In order to assure successful programs in the future, we must start today! It is the goal of the Programs Committee to put together a data bank of potential topics and speakers for future meetings of the Southeast Chapter PDA. If you have

heard a dynamic speaker at a meeting or even at your own company, please contact the Programs Committee with their name and topics which they might present. We will contact that person and get their permission prior to

adding their name to our data bank.

If any of you have a unique application or process at your company and would like to share it at

a Chapter meeting, please let us know. You may send this information to Pam Webb at Pamela_webb@steris.com or call 1-800-989-7575 ext. 23019 and leave a message.

Newsletter Goes Electronic

Written by Cindy Smith, Chair, Communications Committee

Last year we announced a paperless newsletter in 2003. Beginning next quarter, the newsletter will be emailed instead of printed and sent via postal delivery. Since the original announcement, we have attempted to update email addresses for each of the members of the PDA Southeast Chapter. If you have recently changed email addresses, please make sure we have your new address. You may update your email information by visiting our website at www.pdase.org. Select "Join PDASE" and enter your name, address and email. In the comment section, please let us know if this is an update of your information.

The newsletter will continue to be available on our webpage for those in transition that have not had the opportunity to give us the updated information.

Remember: PDA Southeast Chapter membership is free. You only have to supply the information needed so we can communicate with you. Your information will NOT be shared or sold.

Terri Polson Receives PDA Volunteer Award

Terri Polson is the reason the Southeast Chapter of PDA exists today.

During the earliest stages of development, Terri worked to recruit peers to become involved with this new Chapter. She was responsible for submitting the Chapter-By-Laws to the PDA Board of Directors. The charter for the chapter was approved in September 1997. Terri acted as interim President and then was elected to a two-year term as President. She served as Past President and continues to be active as Special Events Chairperson.

The executive committee of the PDA Southeast Chapter submitted Terri's name for the PDA Chapter Volunteer Award. The award is intended to recognize significant contributions of chapter volunteers.

Terri received a plaque and winners were announced at the annual PDA meeting in December. The PDA Southeast Chapter is proud and pleased that Terri was given this honor, one she deeply deserves.

From I-40 traveling west. Take Gorman Street Exit #295. Turn right onto Gorman Street. Go approximately 1 mile. McKimmon Center is on right past Avent Ferry Rd. before Western Blvd.

Fresenius Kabi Partners with Biotech Training Center in Johnston County

Fresenius Kabi Clayton, L.P. has been actively playing a major role in the planning and future implementation of the Clayton Skills Training Center to be constructed in Johnston County. The center will provide training in bioprocessing, chemical and pharmaceutical techniques and practices. The Clayton Skills Training Center will be facilitated by Johnston Community College.

Fresenius Kabi initially participated in the first Bioworks Certificate Program by hosting classes at their Clayton facility. The Bioworks Certificate program is now housed in the old Cleveland Middle School building.

College bound students, potential industry workforce employees along with employees of Bayer, Novo Nordisk and Fresenius Kabi will be participating in the curriculum of the newly constructed Training Center.

Fresenius Kabi, Bayer, and Novo Nordisk are currently participating in the recommendation of course curriculum and design of the facility. Course work will be applicable to defined degree programs set by Johnston Community College.

Please make sure you keep your Records up-to-date with the PDA Southeast Chapter.

Email: proflink@aol.com with any changes to your member information.

Also, Please note the new address for PDA Southeast Chapter registration forms, etc.
