What is PDA?

The Parenteral Drug Association (PDA) is the leading global provider of science, technology and regulatory information and education for the pharmaceutical and biopharmaceutical community. Founded in 1946 as a nonprofit organization, PDA is committed to developing scientifically sound, practical technical information and resources to advance science and regulation through the expertise of its more than 9,500 members worldwide.

Your Local PDA Connection

Are you curious about the issues unique to your region?

Another layer of PDA leadership resides at the grassroots level in the Chapter organizations. Regional PDA Chapters provide local services to the membership, including translations of PDA publications, networking social events, student scholarship and annual regulatory and technical conferences. Each Chapter is managed by volunteer leaders.

Get involved with your local PDA Chapter today!

11th Annual Walk/Run Event - Benefiting Global Genes

Registration Fee: \$45 per person
Registration Opens at 6:30 a.m.
Race starts at 7:15 a.m.

Set off on your choice of a 5k run or a 3k walk and get in a light workout while taking in the local sites. The \$45 registration fee includes a t-shirt, race bib, light refreshments and fun with colleagues, family and friends.

Global Genes is one of the leading rare disease patient advocacy organizations in the world. The non-profit organization promotes the needs of the rare disease community under a unifying symbol of hope – the [Blue Denim Genes Ribbon](#). What began as a grassroots movement in 2009, with just a few rare disease parent advocates and foundations, has since grown to over 500 global organizations.
