

PDA Visual Inspection Forum 2025

10-11 MARCH 2025 | RALEIGH, NC | #PDAvisual

pda.org/visual2025

Call for Abstracts/Case Studies

The Program Planning Committee invites you to submit an abstract for a podium or poster presentation at the *PDA Visual Inspection Forum 2025*. Case studies are particularly desired.

We are seeking abstracts on a wide variety of topics focusing on challenges and innovations in the field of visual inspection, including but not limited to:

- Application of deep learning (DL) and artificial intelligence (AI) for visual inspection
- Component quality and supplier qualification
- Container integrity inspection and leak detection
- Development and management of test kits
- Foreign material sources in the manufacturing environment and their control
- Implementation and/or management of a lifecycle approach in visual inspection and defect control
- Inspecting difficult to inspect products (DIP), including lyophilized, suspension, and biopharmaceutical products and amber vials/flexible bags/blow fill seal
- Manual visual inspection (MVI) and inspector training and qualification
- Medical impact and risk assessment of particulate matter
- New innovations for visual inspection process
- New validation of automated inspection systems
- Regulatory and compendial requirements affecting the visual inspection process
- Risk-based validation case studies
- Statistical tools to support assessment of inspection performance and defect trending
- Two-stage inspection case studies

Abstracts must be received by

15 September for consideration.

Visit pda.org/visual2025CFA to submit an abstract

Timeline

- **17 JUNE**
Abstract submission site open
- **15 SEPTEMBER**
Last day to submit abstracts, submission site closes at 23:59 EDT
- **16-25 SEPTEMBER**
Committee abstract review
- **18 OCTOBER**
Submitters to be notified of the abstract submission status

Each abstract must include the following information to be considered:

- Abstract Title (*Max 25 words*)
- Abstract Overview (*Max 200 words*)
- Abstract Objectives (*Max 100 words*)
