New Technologies: Overall Comparison Between Silicone Free Solutions		
Q&A, Discussion		
12:15	Lunch Break & Exhibition	
Interactive Session		
<p>After parting in 3 groups the participants will enter a structured conversational process regarding Container Closure Integrity for Pre-filled Syringes, Transport Simulations and Discussing Requirements for Next Generation Syringes in 3 rounds. Facilitated by a table moderator, each group is introduced to the topic and will have a set amount of time to discuss and gather key points on each topic. As each group will build on the knowledge already gathered each round will be shorter than the prior. Inspired by the method developed by Juanita Brown und David Isaacs this session will result in conclusive take home messages on each topic discussed.</p>
