What Skills, Knowledge, and Expertise will You Share with PDA?

By telling us your areas of expertise, we can connect you with the volunteer experience that fits you best. If you find that none of our current opportunities are a fit, please let us know and we will contact you to see how we might connect your talents and passions with the ongoing initiatives of PDA.

Please identify your skills/talents (check all that apply):

- Biotech
- Microbiology
- Packaging Science, Container Development
- Process Engineering
- Project Management
- Quality & Compliance
- Social Media User
- Sterile Processing
- Technical Writing
- What other skills _____

Project-Based Volunteering

Engage throughout the year on a project-by-project basis. We offer a variety of opportunities including, one-day speaking engagements, writing an article for our monthly PDA Letter, or answering technical questions as needed. Volunteers are needed both at specific times during the year and on a regular basis. You will be asked to participate mainly by conference call and email. Some activities may require an in-person meeting or training.

Open Volunteer Activities

Most participation is on a project-by-project basis as available. Please check off those roles you are interested in.

Writing Opportunities:

- Author/Contributor: PDA Letter
- Author/Contributor: PDA Journal of Pharmaceutical Science and Technology

Speaking/Presenting Opportunities:

- Poster Presenter
- Speaker
- Educational Instructor

Other:

- Contact me about any other project-based volunteer activities that develop during the year.

Document Reviewer:

- Technical Report Peer Reviewer
- Survey Reviewer

Long-Term Project (12+ Months):

- PDA Task Force Member
- PDA Program Planning Committee Member

PDA Leader-Level Engagement Opportunities

PDA leadership includes members of the Board of Directors, Advisory Boards, Interest Groups, Standing Committees and Chapter leadership. These groups participate in addressing the highest priority issues for the profession. PDA leaders are expected to actively participate through in-person meetings, conference calls and email communication to achieve objectives and goals that support the PDA Strategic Plan. In general, leaders have been actively involved in other volunteer roles before taking a leadership position.

Standing Committees

- Exhibits Committee Member
- Membership Committee Member
- Education Committee Member
- PDA Letter Editorial Committee Member

Leadership Roles

- Interest Group Leader
- Chapter Officer (elected position)

Advisory Boards

- Biotech Advisory Board Member
- Regulatory Affairs and Quality Advisory Board Member
- Science Advisory Board Member

PDA Board of Directors

- Director (elected position)
