

Single Use Systems for the Manufacturing of Parenteral Products

DAY 1

8:30 **Welcome and Introductions**

8:45 Technical Report Concepts and Themes

9:00 Manufacturing Strategy

9:30 Technology and System Integration

10:00 **Coffee/Tea Break**

10:30 Extractables and Leachables

11:00 Sterilization and Particulates

12:00 **Lunch**

13:00 SUS Technology Showcase

15:00 Developing a Single Use Technology Manufacturing Strategy Exercise

16:00 **End of Day 1**

DAY 2

8:30 Perception vs. Reality SUS Myths

9:00 Business Drivers

9:30 Implementation of Single Use Systems

10:00 **Coffee/Tea Break**

10:15 Case Study Breaking and Handling

10:45 Developing a Single Use Technology Manufacturing Strategy Exercise (Cont.)

12:00 **Lunch**

13:00 Supplier Perspective on Qualification

14:00 Developing a Single Use Technology Manufacturing Strategy Exercise (Cont.)

14:30 User Perspective on Qualification

15:00 **Coffee/Tea Break**

15:15 Developing a Single Use Technology Manufacturing Strategy Exercise (Cont.)

16:00 **Training Course Close Out**
